

Silent Security Solutions, Inc. is a New York State certified Service-Disabled Veteran-Owned Business providing security advisory, assessment, and procurement-side technical support to state, local, K-12, higher education, and federal clients. Built on 30+ years of operational security experience, we deliver disciplined written work product — not vendor pitches.

CORE COMPETENCIES

► Security Program Assessment & Maturity Review

Independent review against NIST CSF, ASIS, and agency-specific frameworks.

► Risk & Vulnerability Assessment

Site walks, document review, stakeholder interviews. Written deliverables.

► Policy, Procedure & SOP Documentation

Security policies, incident response plans, post orders, visitor management.

► Security Technology Vendor Selection Advisory

Independent advisory on access control, video, alarm, and identity systems. No vendor partnerships.

► Tabletop Exercises & Incident Response Planning

Facilitated TTXs for emergency response, active threat, cyber, and continuity scenarios.

► Procurement & Acquisition Support

Technical assistance for RFPs, RFQs, SOWs, and evaluator panels.

DIFFERENTIATORS

- NYS Certified SDVOB — direct-award eligible under State Finance Law §165; counts toward agency 6% participation goal.
- Service-disabled veteran ownership; 30+ years of physical, personnel, and information security experience.
- Advisory-only practice — no hardware sales, no vendor incentive conflicts, no inflated scope.
- Written deliverables a contracting officer, auditor, or FOIL request can stand behind.
- Small-business agility — quick teaming, fast SOW turnaround, prompt response to procurement requests.
